5-YEAR PERSONAL YEAR FORECAST

Your Personal Year number changes every January — it governs the overarching energy, opportunities and lessons of each year. Below are your next five cycles, personalised to your date of birth.

2026 — Current Year

Personal Year 1 · Sun

New beginnings · Planting seeds · Launching ventures

CAREER & BUSINESS

A year of bold new beginnings in your professional life. Initiating projects, launching ventures and stepping into leadership roles are strongly favoured. Your Moolank supports a pioneering stance.

LOVE & RELATIONSHIPS

Single? This year sparks the first chapter of a significant connection. Coupled? Channel the "new beginning" energy into refreshing your partnership with shared goals.

WEALTH & FINANCE

Invest in yourself and your ventures now — seeds planted this year yield compounding returns. Avoid sitting on decisions; action is rewarded in a Personal Year 1.

HEALTH & ENERGY

High-energy year that can burn out adrenal reserves. Protect sleep, build a morning routine and schedule recovery weeks. Sun energy thrives in consistent rhythms.

✓ DO IN 2026

- Launch public-facing ventures early in the year
- Invest in yourself — courses, brand, visibility
- Step into leadership; don't wait for permission

✗ AVOID IN 2026

- Waiting for the "perfect" moment to launch
- Suppressing leadership instincts from self-doubt
- Letting others define your worth or direction

REMEDY & PLANETARY ACTIVATION · 2026

Rise with the sun on Sundays — face East for 10 minutes of morning light. Wear gold or orange to amplify Solar energy in your Personal Year 1.

Lucky colour: Gold · Orange · Red | Power day: Sunday | Personal Year: 1 | Stone: Ruby

2027 — Year 2

Personal Year 2 · Moon

Patience · Partnerships · Emotional refinement

CAREER & BUSINESS

Collaboration over solo effort. Partnerships, negotiations and behind-the-scenes work mature into tangible outcomes. Patience is your most powerful professional tool.

LOVE & RELATIONSHIPS

The most relationship-rich Personal Year. Emotional bonds deepen. This is the year to commit, reconcile or invest meaningfully in the people closest to you.

WEALTH & FINANCE

Wealth grows through co-operative ventures and patient accumulation rather than bold moves. Joint investments and resource-sharing are especially favoured.

HEALTH & ENERGY

Emotional sensitivity peaks — boundary-setting protects your nervous system. Rest, water, intuitive eating and creative outlets are therapeutic.

✓ DO IN 2027

- Deepen key partnerships with honesty and care
- Listen more than you speak in negotiations
- Let collaborative wins build your reputation

✗ AVOID IN 2027

- Forcing outcomes before they're ready
- Sacrificing self-worth for the sake of harmony
- Making major solo financial moves this year

REMEDY & PLANETARY ACTIVATION · 2027

Journal emotions each Monday evening. Keep a pearl or moonstone near your bed. Drink water from a silver vessel to strengthen Moon energy.

Lucky colour: White · Silver · Cream | Power day: Monday | Personal Year: 2 | Stone: Pearl · Moonstone

2028 — Year 3

Personal Year 3 | Jupiter

Creativity · Expansion · Communication · Joy

CAREER & BUSINESS

Expansion, visibility and communication define this year. Media appearances, public speaking, education and creative outputs bring professional breakthroughs.

LOVE & RELATIONSHIPS

Joy and playfulness return to relationships. Social connections multiply. A high-energy, socially rich year where love is amplified by shared laughter.

WEALTH & FINANCE

Multiple income streams activate simultaneously. This is your breakthrough wealth window — launch, invest and diversify. Jupiter multiplies what you put in.

HEALTH & ENERGY

Creative output can deplete nervous reserves. One recovery week per quarter is essential. Gut health and liver need support — prioritise nourishing foods.

✓ DO IN 2028

- Embrace creative and communication projects
- Expand your network intentionally this year
- Share knowledge publicly — teach, write, speak

✗ AVOID IN 2028

- Scattering energy across too many projects
- Staying silent when you have something to say
- Financial decisions made from optimism alone

REMEDY & PLANETARY ACTIVATION · 2028

Wear yellow on Thursdays. Share knowledge generously — Jupiter's blessings multiply through teaching. Keep citrine on your desk.

Lucky colour: Yellow · Cream · Violet | Power day: Thursday | Personal Year: 3 | Stone: Yellow Sapphire

2029 — Year 4

Personal Year 4 | Rahu

Hard work · Discipline · Building foundations

CAREER & BUSINESS

Foundation-building year. Slow, methodical progress. Systems, structures and processes established now support the next four years. Do not rush outcomes.

LOVE & RELATIONSHIPS

Commitment and reliability are what partners seek from you. A year to invest in long-term relationship structures — cohabitation, marriage, family planning.

WEALTH & FINANCE

Cautious, conservative financial management is rewarded. Avoid speculation. Build emergency reserves and invest in tangible, stable assets.

HEALTH & ENERGY

Routine and structure are your medicine. Skeletal health, posture and sleep cycles need attention. Consistency in exercise beats intensity.

✓ DO IN 2029

- Build systems that will serve you for years
- Invest in education and skill mastery
- Honour commitments with unwavering reliability

✗ AVOID IN 2029

- Rushing timelines that need slow building
- Shortcuts that undermine long-term foundations

Meditate daily on your key goals. Wear deep blue or grey. Structure and discipline are your amplifiers — honour Saturn's precision.

Lucky colour: Blue · Electric · Grey | Power day: Saturday | Personal Year: 4 | Stone: Hessonite (Gomed)

2030 — Year 5

Personal Year 5 | Mercury

Change · Freedom · Travel · Transformation

CAREER & BUSINESS

Change, disruption and dynamic movement. New roles, locations or industries become available. Embrace calculated risk — staying static is the real risk.

LOVE & RELATIONSHIPS

Freedom and adventure characterise this year. Relationships need breathing room. New romantic encounters can be exhilarating but may lack permanence.

WEALTH & FINANCE

Variable income patterns. Multiple short-term opportunities appear. Stay adaptable and keep a cash reserve to capitalise on unexpected openings.

HEALTH & ENERGY

Restlessness and over-stimulation are the year's hazards. Grounding practices — nature, breathwork, reduced screen time — are essential countermeasures.

✓ DO IN 2030

- Say yes to unexpected opportunities quickly
- Diversify income streams and skill sets
- Travel or relocate if drawn — Mercury rewards motion

✗ AVOID IN 2030

- Clinging to situations past their expiry date
- Overcommitting to long-term obligations mid-year
- Impulsive financial decisions fuelled by restlessness
